CENTRE

It takes a certain type of person to jump out of a perfectly good airplane. To skydive takes courage and determination. Expect a total sensory overload for your mind, body and soul - It's an amazing feeling!

The Yarra Valley

Only a fifty-minute drive from the CBD you will find the Yarra Valley. Visitors are greeted with meticulously maintained vineyards and stunning views of the Yarra Ranges.

In fact, Melbourne Skydive Centre was voted by Forbes Traveler as **number 1 choice skydive destination in Australia** and number nine in the world!

Take in the scenic plane ride to jumping height where you have views of the city, the coastline of the bay and not to mention the Yarra Valley itself with all its vineyards.

Once you're finished your jump you have a whole range of wineries and other eating venues to celebrate your experience.

Tandem Skydiving

A tandem jump is where you are physically harnessed to the instructor for the entire jump allowing you the "peace of mind" to completely enjoy your jump. There is a twenty minute briefing before your tandem skydive which gives you a great opportunity to ask questions.

Safely attached to your qualified Tandem Master, you will step out of the aircraft and experience up to 50 seconds of freefall reaching speeds up to 220KPH - terminal velocity.

Your Tandem Master will deploy the reinforced Tandem canopy and you will then descend for four to six minutes under a large parachute designed for two. You even have the option of steering the canopy.

Safety

- 100% safety record
- World class instructors
- Latest and safest parachuting equipment

We are very proud to have Paul Murphy as our Chief Instructor. Paul is the Chairman of instructors at the Victorian Parachute Council. Melbourne Skydive Centre is a member of, and adheres to, all regulations of the Australian Parachute Federation and Civil Aviation Safety Authority (CASA).

Melbourne Skydive Centre's main aim is to keep our impeccable safety record and deliver an unforgettable experience to our customers.

DVDs and Photos

Using the latest state of art photography equipment, we recommend that you capture your experience on DVD and still photographs. The DVD is approximately 10 minute production of your whole skydive, showing you gearing up, getting in the plane, your ride to height, your exit and of course your amazing freefall. Actions photos are taken on the ground and in freefall, DVDs are professionally edited with natural sound and sound tracks.

We give a 100% money back guarantee on the quality of this product!

Who can skydive?

Skydiving is suitable for everybody, however in order to meet our strict safety standards we have certain restrictions

- 14 years or over (14-18 years parental/guardian consent is required)
- We need to be advised if over 95kg
- Not pregnant
- Average fitness and flexibility is required
- Should you have any doubts it is best to consult your doctor

When can I skydive?

We can do jumps from as early as 8am until sunset seven (7) days a week.

What to bring?

We provide all skydiving equipment and jumpsuits. We have goggles designed to be worn over glasses and contact lenses.

We recommend you wear comfortable clothing keeping in mind the weather conditions. Runners are a must and definitely NO boots or shoes with hooks, buckles or heels.

How long does it take?

The skydive normally takes an hour from the time that you sign your paperwork till the time that you are driving out the gate.

You should allow half a day at the drop zone in case of unforeseen delays such as weather.

What about the weather?

At Melbourne Skydive Centre we utilise The Bureau of Meteorology and Aviation Weather to ascertain the weather conditions for the day. There are certain wind and cloud conditions which make it unsafe to skydive. Skydiving is a weather dependant sport and **YOUR SAFETY IS OUR ONLY AGENDA FOR YOUR DAY.**

Spectators

Friends and family are encouraged to come along to the airfield to join in your skydiving experience. Bring a picnic or take advantage of our free BBQ facilities at the airfield.

Please be aware that this is a fully operational airfield and children must be supervised at all times.

How do I book?

Simply call 1300 73 44 71
